

OBINexus Iwu Uche Division Framework

Heart/Soul Connection + Law + Knowledge

Core Naming Convention

OBINexus = OBI (Heart) + Nexus (Connection)

Iwu = Law (the collection of rules imposed by authority)

Uche = Knowledge (Igbo)

OBINexus Iwu Uche = Heart/Soul Connection + Law + Knowledge Division

Service URI Architecture

<service>.<operation>.obinexus.<department>.<division>.<country>.org.uk

Example for Design Division:

housing.design.obinexus.uche.iwu.uk.org

furniture.create.obinexus.uche.iwu.uk.org

Design Function Framework

7 Senses for Authentic Design

1. Visual - Sight
2. Auditory - Sound
3. Tactile - Touch
4. Olfactory - Smell
5. Gustatory - Taste
6. Kinesthetic - Movement
7. Intuitive - Inner knowing

Total: 7 + 7 = 14 Considerations for Authentic Design

Design Progression Levels (0-10)

Level 0: Doodle

- Initial spark, rough ideas
- No structure, pure expression

Level 1: Sketch

- Basic structure emerging
- Ideas taking form

Level 2: Authentic Expression

- "This design works for me"
- Personal truth in design

Level 3: FUD Mitigation Expression

- Design tailored for all
- Addressing Fear, Uncertainty, Doubt

Level 4: Self-Actualization

- Design reaching its full potential
- Complete expression

Level 5: Cultural Preservation

- "My culture for this"
- Think Xhosa beadwork, reggae style
- Cultural identity in design

Level 6: Mentor/Teacher

- Teaching others in OBINexus
- Passing on knowledge

Level 7: Self-Design Impact

- Real world implementation
- Robotics, AI applications
- NOT just for Nnamdi - for everyone

Level 8: FUD Mitigation for Everyone

- Taking care of everyone
- Universal accessibility
- (Current level: 6, aspiring to 8)

Level 9: Development to Production

- Like the github.com/obinexus/art repo
- Ideas becoming reality

Level 10: FUD-Enlightened Production

- Full production team implementation
 - All franchises respecting constitution
-

Constitutional Design Clause

MANDATORY PAIRING:

You **MUST NOT** have a Design franchise without a Technology franchise
Design + Technology = Complete Solution

This ensures:

- No design without implementation capability
 - No technology without human-centered design
 - Complete solutions, not half-measures
-

Division Structure

Iwu Uche (Design Division)

- Focus: Knowledge through design
- Location: UK headquarters
- Function: Creative authenticity + cultural preservation

Partnership Requirement

- Must work with Iwu Computing (Tech Division)
- Joint projects only

- No solo franchises
-

Implementation in Housing

When applied to housing development:

- Design considers all 7 senses
 - Cultural authenticity preserved
 - Technology enables the design
 - FUD mitigation built-in
 - Progression from sketch (Level 1) to production (Level 10)
-

Remember: "I did not go to Oxford to waste time" - This framework ensures every design serves the community with both heart (OBI) and knowledge (Uche), bound by law (Iwu) that creates sustainable innovation.
